

# Photograph Not Available

24-OCT-2006

The photographs in this archive are the Pioneer CU-V113. This is another Level 1 remote control that is compatible with the LD-V8000 commercial / industrial laserdisc player.

A photograph of the original RU-V103, as shown in the Pioneer Technical Bulletin #150008, dated May 1994, is not available.

End.
