#	DETAIL OF CHANGE(S)		REASON FOR CHANGE(S)
1	Deletion of a PCB hinge and addition of rubber cushions to the shield case for VSOP ASS'Y	X	To prevent VSOP ASS'Y from cracking

[Problem]

VSOP Ass'y cracks at a certain point.

[Cause]

While the unit is being transported or handled, excessive stress is applied to VSOP ass'y at the position around a PCB hinge as indicated with (a).
